I. ILLINOIS 2ND DISTRICT PROJECT REQUESTS

Project 111-IL-2nd-001: USX South Works Lakefront Park project
\$20,000,000

The USX South Works Lakefront Park project restores the former industrial steel mill site where slag, concrete, and rail road ties have been removed. Located in Chicago along Lake Michigan between 79th and 85th Streets, the project develops 80 acres into a lakefront park site improving recreational opportunity and lakefront access for park visitors. The project also enhances the environmental infrastructure of the site, reduces and controls flood and storm damage, controls shoreline erosion along Lake Michigan, and improves water quality in the area with the addition of native plants.

Project 111-IL-2nd-002: Graymoor Ponds Excavation/Reconstruction/ Bank Stabilization and Environmental Enhancement project
\$2,452,400

The two phase Graymoor Ponds project enhances flood protection for the residents of Chicago Heights, Flossmoor and Olympia Fields by dredging the accumulated sediment and soil from the north and south pond and in the second phase reconstructs the contours of the pond and stabilizes the bank to enhance maintenance, storm water conveyance and storage capacity.

II. BILL LANGUAGE:

SEC. ____ . PROMONTORY POINT THIRD- PARTY REVIEW, CHICAGO SHORELINE, CHICAGO, ILLINOIS.

Section 5072 of the Water Resources Development Act of 2007 (Public Law 110-114, 121 Stat. 1221) is amended –

- (1) by inserting “at Federal expense” after “The Secretary shall conduct a third-party review” in paragraph (a)(1);
- (2) by deleting paragraph (b);
- (3) by redesignating subsection (c) as subsection (b)
- (4) by redesignating subsection (d) as subsection (c).

SEC. ____ . DEER CREEK, FORD HEIGHTS, ILLINOIS

Notwithstanding the cost-sharing provisions of Section 205 of the Flood Control Act of 1948, the Secretary shall implement the Deer Creek, Illinois, Section 205 project at a cost sharing formula of 70% Federal and 30% non-Federal.
